

Fudan University School of Public Health

Evidence Based Medicine Research Center

First Lecture

May 27, 2009 10 -11:30 am

Co-Organized by VitalStrategic Research Institute

Agenda

- Welcome and Introduction Prof Jin Ming Yu
- Fudan EBM Research Center Dr. Danyi Zhang
- Management of Voluntary,
Multinational Disease Registries Dr. Frederick Anderson
- Question and Answer All

Overview of SPH

- The School was established in 1952.
- National appraisal as No.1 school of public health (2004)
- International academic exchanges:
 - Harvard SPH: since 1980's
 - UCLA, CDC, NIH and other US universities
 - Universities in Europe: Umea University, Liverpool School of Tropical Medicine, etc.

Faculty (2008)

- Total employee: 138
- R&D Personnel: 93
- Full Professor: 27
- Associate Professor: 20
- Lecturer: 44
- Teaching assistant: 2

Degree program

- **Undergraduate program:**

Bachelor of Preventive Medicine (5 years)

Bachelor of Healthcare Management (4 years)

- **Graduate program:**

Master of Medicine (3 yrs)

Master of Public Health (2-4 years)

Ph.D of Medicine (3-4 years)

Student

- Undergraduate: about 500 (5 grades)
- Master degree: about 150 (3 grades)
- Ph.D degree: about 60 (3 grades)
- MPH: about 250 (4 grades)

Academic Research

- **Total grant :** 2001: 10 million RMB
2002: 12 million RMB
2003: 23 million RMB
2004: 28 million RMB
2005: 30 million RMB
2006: 36 million RMB
2007: 26 million RMB
2008: 36 million RMB
- **Sources of international research grants :**
 - UNICEF, UNFPA, WHO, UNDP, CMB, DFID, EU, US-NIH, Ford Foundation, AusAID, etc.

Fudan University School of Public Health Evidence Based Medicine Research Center

STUCTURE

- 中心执行主席: 胡大一教授, 中国医师协会循征医学专业委员会首届主任委员
北大人民医院心脏中心主任、复旦大学兼职教授。
- 执行主任: Dr. Danyi Zhang (张丹仪), 美国华斯泰生命策略研究所负责人
VitalStrategic Research Institute
美国汤姆斯 杰佛森医学院(Thomas Jefferson U)客座教授
- 中心主任: 余金明教授, 复旦大学公共卫生学院统计学教授
- 副主任: 吴玮黎女士, 华斯泰生命策略研究所中国地区临床研究部负责人
- 专家委员会主席: 姜庆五教授, 复旦大学公共卫生学院院长
- 副主席: Dr. Danyi Zhang (张丹仪), 胡大一教授
- 委员 (按姓氏排名): 赵耐青、钱序、赵根明、冯学山、余金明、吴玮黎
David Nash (美国), Michael Weber (美国),
Samuel Goldhaber (美国), Agnes Lee (加拿大)

Fudan University School of Public Health Evidence Based Medicine Research Center

OBJECTIVES

- **Enhance** research in epidemiology, evidence based medicine, and inter-correlation of public health and clinical science, with internationally recognized medical leadership and high standard and quality
- **Strengthen** the alliance between research center, hospital, industry, and patient community, aiming to maximizing the values of medical advancement through extensive outcomes research and better understanding of impact of ethnic difference and pharmacoeconomics
- **Stimulate** scientific exchange with international communities, aiming to help the rest of the world better understand the research and development in China
